The report is entitled "Anweisung ueber die Behandlung und Bearbeitung von Auslandsinformationen," and is purported to be instructions issued to various technical agencies of the DDR government to guide them in the handling of clandestine information collected and disseminated by such agencies as the MFS, the VIK, the SED and the State Planning Commission. The instructions are dated 27 May 1961 and allegedly supercode all similar instructions issued before this date. 2. The report was forwarded for KUBARK information with the request that it be evaluated. We defer to COS/G for any further dissemination. 3. Subsequent to Reference it has been determined that these reports stem from the UPHILL case "Fall BANANE," the principal of which is Karl-Heinz WICHARDT. <input type="checkbox"/> In this connection, UPHILL is now indicating which reports stem from this source but they are unaware that KUBARK has identified him.
